Environmental Policy

This environmental policy outlines Equity Transport Group (ETG) and its subsidiaries commitment to improving the environment. Through both our administrative and on-the-road activities, we rise to meet the challenges of making our world a better place for the next generations.

ETG commit themselves to conduct their day-to-day business in a way that limits their impact on the environment by meeting the following objectives:

Administrative Operations and General Business Practices

- Recycling and reusing paper and cardboard whenever possible
- Recycling glass, plastic, batteries, electronics rubbish, and printer cartridges whenever possible
- Limiting water and energy consumption in their offices
- Turning off electrical equipment and lights when they are not in use
- Heating and cooling their offices in the most efficient, environmentally-friendly manner possible
- Cultivating an attitude of environmental awareness among employees in every department, including management
- Reviewing their environmental practices periodically to ensure they continually meet their objectives
- Using the most environmentally friendly cleaning products and processes possible
- Ensuring that any building expansion plans include improving energy efficiency
- Making their environmental policy available to the public and all their employees

On-The-Road Operations

- Limiting our environmental impact by using late-model cars to optimize energy efficiency
- Minimising fuel consumption whenever possible through finding more efficient routes
- Promoting and achieving environmental best practices in fleet maintenance, driving behaviours, and purchasing decisions
- Purchasing the most energy-efficient replacement vehicles possible
- Promoting combined rides among customers who plan to attend the same event
- Encouraging our drivers, contractors, and their supervisors to be environmentally conscious in all their activities
- Providing information about current environmental developments to our drivers, contractors, and their supervisors
- Complying with, and exceeding whenever possible, limousine environmental regulatory requirements

EQUITY TRANSPORT GROUP

Winners of the National
Gold Award for Quality
& Business Excellence
for 3 Consecutive Years

HALL OF FAME
Inducted into the
Hall of Fame

- Assessing the environmental impact of new policies, products, or vehicles
- Minimising driver waste through reusing and recycling as many materials as possible, including paper, cardboard, and waste petrol products
- Using environmentally friendly products to clean vehicles, inside and out
- Purchasing the most efficient fuels with fewest emissions whenever possible
- Reporting any breaches of best environmental practices to the management
- Monitoring and improving environmental performance
- Reviewing and altering all environmental policies as needed

Queries or concerns

If you have any queries or concerns about our environmental policy or the actions we take, please contact our Environmental Officer via e-mailing manager@equitytransport.com.au
